

GOOD TO KNOW

Trick 77.

Is it dark in your room and neither the TV nor the hairdryer makes a beep? Then it's because you must put your room card in the white box next to the entrance door, only then is your room supplied with electricity.

Heating & ventilation.

You can regulate the room temperature yourself. The temperature can be adjusted with help of the small white control panel on the long room wall. Please keep in mind that this is a floor heating system, and it takes a few hours until you can feel the temperature difference. If it's too hot for you, please open the window - our natural air conditioner. If you are freezing, we are happy to put a small stove in your room.

Breakfast.

A good breakfast is crucial for the perfect start of your day! You can strengthen yourself daily from 7.00 to 10.00 am at our breakfast buffet. You can order your favourite egg meals directly at our cook. Two self-service coffee and tea stations help to "kickstart your engine" as fast as possible. A vegan corner with Emmi BeLeaf products and cereals can also be found on the buffet. We are happy to order gluten-free bread for you on request. Have to rush and can't wait till the breakfast starts? Let us know till 8.00 pm the day before your departure and we'll be happy to prepare you a lunchbox to go!

Check-out.

Your room will be available until 11.00 am on your departure day. We recommend that you pay your hotel bill the evening before until 08.00 pm. This way you can avoid the "rush hour". You are welcome to leave your luggage with us. If you want to go home freshly showered, you can use the shower in the wellness area. Please note that your room card only works until 11.00 am on the day of departure, this also applies to the door to the ski/bike room.

Reception.

The Bever Lodge team knows the uniquely beautiful Engadin St. Moritz holiday region like the back of their hand. Just come up to us because we all have a secret tip in stock. Our reception team is present daily from 8.00 am to 8.00 pm. With your room card you can get in and out at any time through the night entrance on the ground floor.

Emergency Phone.

Our emergency phone is located on the same floor as the reception, right next to the night entrance. In case you need to call the police or the fire department. All the emergency numbers are on the wall next to the phone. With the speed dial 21 you will reach the night duty outside the opening hours of reception.

Restaurant.

We are on the same boat. A few hours of fresh air and you're already thinking of food. Our kitchen team is on duty daily from 11.45-1.45 pm and from 6.00-8.45 pm for à la carte. For dinner we recommend reserving a table. If you are hungry in between, you can benefit from an afternoon menu from 1.45-6.00 pm. Cakes, snacks, refreshing and warming drinks are best enjoyed in front of our fireplace with the background music of your choice -from our original Wurlitzer jukebox. We are looking forward to your visit.

Pop-up reading room.

A small library, daily newspapers, brochures and magazines are available in the pop-up reading room and at the reception.

As a hotel guest, you can sit down comfortably in the pop-up reading room on the first floor, read in peace or simply relax.

Internet.

Is free of charge at the Bever Lodge. As soon as you open the usual browser, the connection BL-Guest appears. No passwords needed, dial up and off you go.

#Hashtags.

Bever Lodge goes Social Media! We are happy about likes and shares on Facebook and Instagram. Feel free to use our hashtags *#beverlodgemoments* *#beverlodgesports* *#beverlodgedrinks* *#beverlodgefood*.

Fitness.

If the outdoor offer of Engadin is not enough for you, you can let off some steam with the sport equipment in the basement – just across the ski room. Towels are available.

Sauna & steam bath.

Warm yourself up in our wellness area. Take your room card, get into the lift already changed and drive all the way down. The entrance is on your left. You can get a wellness kit with a cuddly bathrobe and slippers at reception for CHF 5.00 per person (can be booked directly to your room). Open daily from 3.00 pm - 10.00 pm.

PS: The sauna area is a nude zone and the entrance is only allowed from 16 years!

Massage.

Are you tense? That's not right. Whether sporty or classic, our external masseurs bring your muscles back into balance. If you are interested, you are welcome to book an appointment at reception.

Children.

In the restaurant there is a special children's menu and placemats for colouring. Child seats for eating at the table are also available. Just tell us!

Still in the diaper circle? A changing table is installed in our wheelchair-accessible toilet in the basement.

Four paws.

Are of course also very welcome at Bever Lodge. Pets are charged CHF 20.00 per night. For the benefit of allergy sufferers, the 2nd floor is a "fur-free zone". Well-behaved dogs are allowed in the restaurant. The next "Robidog" bin is right at the beginning of Val Bever – which is also a great starting point for the walking route. In case of rain or snow there are towels right by the night-entrance of Bever Lodge ready to use and dry all the paws of your pets.

Sportswear.

Is a part of our service. Put your dirty sport clothes in the white bag in the cupboard and hand them in at the reception by 5.30 pm. 1 night and 1 sports wash later, your laundry will be fresh and ready right in front of your door until 9.00 am next day! If you hand in your sportswear after 5.30 pm, we will charge you an express surcharge of CHF 10.00 per bag. A price list for more demanding laundry is also in the cupboard.

Kiosk.

The rescuer in distress! You just realised that you've forgotten your toothbrush or need a last-minute regional souvenir for the "Cat/Plant Babysitter" back at home? We've got you covered! With us you will definitely find what you are looking for!

Pharmacy & doctor.

The Piz Ot pharmacy in Samedan is the nearest place for a healing pill or quick healing powder. For your navigation: Cho d'Punt 7, 7503 Samedan. Also open on Sundays! If only a doctor can help, we recommend registering directly at the emergency desk of the hospital Oberengadin in Samedan.

Emergency number Hospital Upper Engadin Samedan:	0041 (0)81 851 81 11
Internal emergency number Bever Lodge:	0041 (0)79 611 95 05

Evacuation.

In an emergency, please follow the instructions of the Bever Lodge team. The way to the emergency exit is well marked everywhere in the corridors. Please go directly to the meeting point - opposite of Bever Lodge – to the goods shed at Bever train station.

Parking.

Don't feel like digging your car out of the snow and scratching windows or to sit in the car heated by the sun in summer? Then reserve a place in the underground garage (winter CHF 15.00/night, summer CHF 9.00/night, E-parking additional CHF 5.00/night). The parking spaces in front of the hotel entrance are reserved for loading and unloading only. There are other public parking spaces (subject to a charge) just across Bever Lodge - in front of the railway station.

Smoking.

Is a No-Go in the whole house. The smoking area is outside in front of the hotel entrance or at the night entrance. For smoking in the room, we charge CHF 150.00 for additional cleaning.

Privacy.

Whenever the "Please do not disturb" sign hangs in front of the door, we'll let you sleep. If you leave that sign until 1.00 pm, your room won't be cleaned.

«Fresh & friendly» incl. Post + Cash.

Volg. The only shopping possibility in Bever. In this small supermarket is also integrated a small post office and if you have a Postcard, you can withdraw money at the cash desk. To be sure about the opening hours, please check the web. Sundays always closed. The nearest ATM is in Samedan.

Tourist Information Office Bever.

The office is practically in the building of the Bever train station. Would you like to book a Glacier Express ride, send your luggage, or simply buy a train ticket? Please check the opening times since they are depending on the season.

Need some extra...

- ... pillow? You can find it in your wardrobe.
- ... duvet? Let us know and we bring you one.
- ... button? We are all set for all cases and have a tiny sewing kit at the reception.
- ... shoe polish/sponge? Even for this one you can ask our reception staff.
- ... shoehorn? Tight shoes? Sore muscles? Our shoehorns help you to slip back into your shoes.
- ... drying rack? Your clothes are stubborn and don't want to dry? You can borrow a small drying rack!
- ... adapter? You travelled all this way and need to charge, but don't have the fitting adapter?
- ... charger? You've got the adapter now, but realised you forgot the charger to your phone? You can leave your phone at the reception till it's charged and get a charger from the shop the next day.

INTERESTING THINGS

Bever Lodge.

What you can smell in the whole house is local spruce wood from which the Bever Lodge is mainly carved. We have 38 double and 2 single rooms, all with the same beauty and practical refinement. Some of them can even be combined for families. One of them is wheelchair accessible. As the first modular hotel made of wood in Switzerland, it was built within a very short time -in only 9 months. Pure fascination of ship containers and the search for additional hotel beds for the Olympic candidacy 2022, led to the idea of stackable hotel rooms. Produced and developed by the company Uffer in Savognin, from where they were transported to Bever via Julierpass. More facts and exciting records for the construction of the Bever Lodge can be found at the reception.

Mattresses.

Did you sleep well? US sleep researchers have proven that the first night in a foreign environment is usually not very restful. This is because the left side of the brain remains in a kind of "alert mode" and therefore remains more awake than the right side. If you think the origin for a good night sleep depends rather on the mattress, then is the problem quickly solved. Like many things in life, our Swiss quality mattresses have two sides. One soft and one compact. Just give us a sign and we turn them over for you. Our beds are 2x90 cm by 200 cm and are prepared as standard as a double bed, gladly on request also as a twin.

Finally bad weather.

When else would you have time to visit one of the many museums nearby?
Our favourites in St. Moritz: Engadin Museum, Berry Museum, Segantini Museum and the Mili Weber House. If five minutes of culture is enough, take the escalator from the train station up to Badrutt's Palace. A constantly changing exhibition can be visited while comfortably rolling on the escalator. Brochures and further information can be obtained at the reception.

Info and excursion tips.

On the wall opposite the lift on the ground floor and in the lift, you will find lots of information such as timetables, the current weather report, our weekly menu and tips for an eventful vacation in the Upper Engadine.

Free Ride.

With a stay of 2 nights or more, you enjoy free travel on public transport throughout the Upper Engadine in summer and winter. The cornerstones of the Upper Engadine that define the area of validity:

Sports-Hotel.

Don't be scared if you suddenly see a ski star at dinner or meet a well-known biker in the lounge. Top athletes, young talents and many hobby athletes go in and out of the Bever Lodge. During the Ski World Championships 2017, we had the pleasure of welcoming the entire US team to Bever Lodge. In addition, the women's team returns to us every December for the World Cup races on Corviglia.

Your opinion.

We are very interested in your opinion. Especially if something did not meet your expectations. Preferably live and promptly on site, where something can still be saved. Also online (for example on tripadvisor.com or Google) we thank you for your directness. Because we want to get better and we would like to see you again.

Our team.

The Bever Lodge team comes from all over Europe - from the high north to the sunny warm south some nations are represented. Together we speak about 10 different languages. We pull together with a lot of joy and appreciate the differently filled rucksack of each individual and are proud of the international spirit that we all make up.

Recycling.

We Swiss are known to be world champions in this. The fact that we take this topic very seriously is also reflected in our lamps in the restaurant and lounge. Have you noticed that they are made of cardboard? The designers are from San Francisco, but they are produced in a disabled workshop in the Netherlands. The lamps are so popular that the Coop already carries them. So please don't unscrew ours... ;-)

Social commitment

We work closely with the association Movimento, in which people with disabilities produce great products such as the fine Lower Engadine apple juice. www.movimento.ch
Bever Lodge is also committed to water and donates an amount per liter of fresh Bever mountain spring water to the Baan Doi orphanage in Thailand. www.baandoi.org

Local, regional & organic

We think it is of great importance to know the exact origin of our foods and drinks. That's why we order from our local and well-known providers:
Locally roasted organic coffee from Badilatti in Zuoz, local cheese from the Engadine and Bergell, meat from the farm and local butchers, bread from the nearby Beck and herbs from our own garden.

W i n t e r H i g h l i g h t s

Sleep + Ski.

Corviglia, Corvatsch, Diavolezza & Lagalb. All in all, there are 350 kilometers of slopes where you can go skiing. As a guest of Bever Lodge you get the ski pass for the whole ski area Engadin - St. Moritz for CHF 45.00 per day. However, this offer can only be booked for the entire duration of your stay. So, the number of nights booked gives the number of ski days.

Example: 3 nights in a hotel = 3 days ski pass. An offer that is lonely top and also worthwhile if Après-Ski is on the program from 01.00 pm.

Snow-Deal. Who books early profits.

From now on, ski passes for the Upper Engadine mountain railroads can be booked for the winter via the dynamic price model "Snow-Deal". Buy your ski pass already when booking your overnight stay and get up to 30 percent discount. You can also benefit from the attractive family cards. Muottas Muragl is excluded from this pricing model.

The Snow-Deal is especially interesting for all those who only want to go skiing for a few days during their stay.

AK Ski Test.

As a guest of Bever Lodge you can test the Swiss brand AK at Boom Sport, St. Moritz at a reduced rate. You will receive your discount card at the reception. Pure skiing fun is guaranteed!

Cross-country skiing.

An important theme at the Bever Lodge and in the whole Engadin. Thanks to the two wax tables in our ski room, you can prepare your cross-country skis yourself. Right outside the front door you will find the entrance to the Marathon cross-country ski trail and thus also the connection to the 230 km of varied cross-country ski trail network. As soon as there is enough snow, a cross-country trail leads into Val Bever. A silent dream, classic or skating style. Would you like to work on your cross-country-style? We know the best addresses to book a lesson. Cross-country skiing passes are available at the reception and must be paid in cash. You can choose from a daily, weekly, Engadin or entire Switzerland ticket.

S u m m e r H i g h l i g h t s

Bikes.

Are you still missing the right bike or e-bike, have you forgotten your helmet or does your bike need a reparation? Our partner Pietro has his store "Bike&Fun" right next to the Volg and will be happy to help you. www.bikeandfun.ch

National Park.

Is in the immediate vicinity. The next access is through the Val Trupchun. In this area there are numerous red deer, ibex, chamois and marmots. With a little luck you can even observe bearded vultures and golden eagles. Thanks to the cool train that leaves from S-chanf or Zuoz, this excursion is fun for the whole family. The timetable and more detailed information are available at reception.

Renaturation project at the confluence of the Beverin and Inn rivers in Bever

The revitalization of the Inn floodplain at Bever is a prime example of how a near-natural river can make a beautiful landscape even more attractive. To the delight of locals and tourists - and not least to the benefit of biodiversity. A 20-minute walk to the dam is worthwhile to enjoy the beautiful nature.
